Funds allocated under this Program will be limited to emergency housing repairs necessary to make the home safe, sanitary and functional. Funds may only be used to address damage that occurred as a direct result of flooding.

Applicant awards under this program will be based on scope of work approved by a program administrator, but in no event will the total grant award to any single applicant exceed \$50,000, per AHC statute.

To the extent practicable, direct disaster caused damage should be supported with photographs, videos, receipts or other evidence. The program is not intended as a substitute for insurance. Eligible activities may include, but are not limited to:

1. Environmental health hazard mitigation activities related to the repair of disaster caused damage to a Primary Residence. This may include, lead based paint abatement, asbestos removal, mold remediation, or remediation of other health hazards, including testing and clearance costs
2. Electrical and plumbing systems repair or replacement
3. Sump pump repair or replacement, (if ancillary to a larger repair or replacement project)
4. Furnaces, water heaters, water filtration systems, heating systems and sump pumps repair or replacement
5. Refrigerators, cooking stoves and built-in appliances, such as dishwashers, repair or replacement
6. Laundry washers and dryers repair or replacement
7. Permanently installed paneling, wallboard, bookcases and cabinets repair or replacement
8. Drywall or finishing
9. Insulation
10. Foundation repair
11. Window and door repair or replacement
12. Siding repair or replacement
13. Flooring repair or replacement
14. Bathroom repair
15. Well or septic replacement, or connection to a municipal system
16. Fuel tanks (oil or propane, but not actual fuel replacement)
17. Dehumidifiers (eligible for replacement if ancillary to a larger repair or replacement project)
